We are Indigenous and non-Native people working with individuals, local organizations and governments to support Indigenous Peoples' connection to land, raise Indigenous voices and practice right relationships with the Native peoples who lived in the Boulder Valley historically and those who live here today.

**GENERATIONAL TRAUMA AND HEALING - Saturday October 8, 10:30 AM - Noon**

Healing generational trauma is a conversation that must happen. Transgenerational trauma occurs when trauma-related stress experienced by survivors is passed on to subsequent generations. The scope of trauma inflicted by residential schools, enslavement, attempted genocide, forced relocation and assimilation, and the ongoing effects of colonialism, racism and appropriation are still being felt today. *Panelists: Marty Chase Alone (Lakota), Jordan Dresser (Northern Arapaho), Billie Sutton (Southern Arapaho).* • REGISTER AT <https://tinyurl.com/2onrjarc>

**REVITALIZING INDIGENOUS LANGUAGE - Saturday October 8, 3:30 - 5 PM**

The United Nations General Assembly proclaimed 2022 - 2032 as the International Decade of Indigenous Languages to draw global attention to the critical situation of many Indigenous languages and to mobilize resources for their preservation, revitalization and promotion. Join us to learn more about how this proclamation is being brought to life in Colorado and the United States. *Panelists: Joseph Dupris (Modoc, Klamath, Paiute, Lakota), Teresa HisChase (Northern Arapaho), Rachel Nez (Navajo/Diné Nation).* • REGISTER AT <https://tinyurl.com/2pxvqmbR>

**LAND BACK MOVEMENT - Sunday October 9, 11 AM - 12:30 PM**

The Land Back Movement is a dynamic and complex effort to understand and rectify 'traditional' land use/ownership. These efforts facilitate and respect Indigenous responsibilities and ties to land. This current effort acknowledges settler impact and national violence including land theft, and seeks to bring in, invite and utilize allies and others. We seek to further our engagements in Indigenous resurgence and Indigenous -"settler" relationship that foster contemporary solutions for historic, on-going and future needs. Join us to take a contemporary look at the journey through the centuries and a glimpse at what we can do today -- individually and collectively. *Moderator: Ava Hamilton (Arapaho). Panelists: Dr. Doreen E. Martinez (Mescalero Apache), Richard B. Williams (Oglala Lakota/Northern Cheyenne), Fred Mosqueda (Southern Arapaho), and Lyla June Johnson (Diné/Cheyenne).* • REGISTER AT <https://tinyurl.com/2fvrozah>
